

## Top 20 institutions in engineering based on impact

22 May 2008

Data from Thomson Scientific's Essential Science Indicators, 1 January 1997-31 October 2007

	Institution	Citations per paper
1	Harvard University (Cambridge, Massachusetts)	11.99
2	AT&T (Various locations, US)	10.56
3	California Institute of Technology (Pasadena, California)	10.02
4	Stanford University (Stanford, California)	9.42
5	University of California, Santa Barbara (Santa Barbara, California)	8.74
6	Princeton University (Princeton, New Jersey)	8.66
7	University of California, Los Angeles (Los Angeles, California)	8.63
8	Massachusetts Institute of Technology (Cambridge, Massachusetts)	8.25
9	IBM Corporation (Various locations worldwide)	8.22
10	University of California, Berkeley (Berkeley, California)	7.85
11	Cornell University (Ithaca, New York)	7.67
12	Northwestern University (Evanston, Illinois)	7.54
13	Carnegie Mellon University (Pittsburgh, Pennsylvania)	7.47
14	Johns Hopkins University (Baltimore, Maryland)	7.41
15	Max Planck Society (Various locations, Germany)	7.05
16	ETH Zurich (Zurich, Switzerland)	6.96
17	University of California, San Diego (San Diego, California)	6.95
18	Lawrence Livermore National Lab (Livermore, California)	6.84
19	University of Southern California (Los Angeles, California)	6.82
20	Technical University of Denmark (Lyngby, Copenhagen, Denmark)	6.77

US institutions dominate the top portion of this ranking, taking a total of 16 slots in the listing of 20. IBM Corporation is here considered a global organization. Germany, Switzerland and Denmark complete the list, with one institution apiece represented. Of course, the Max Planck Society represents many locations. Among the 16 US institutions listed, half are located in California.
